Beef Educational Unit

Lake Wheeler Field Laboratories
3720 Lake Wheeler Rd.
Raleigh NC. 27603

The unit was moved from the old location at Reedy Creek Road in 2002 to Lake Wheeler Rd.. The new beef unit has approxiametly 110 acres of pasture land for the sixty brood cows. At the beef unit they run two purebred herds. One of the herds is [Angus](#) and the other is [Hereford](#). The new facilities has plenty of working space in the new buildings. There are three buildings on the property. The first being the commodity building where all the feed is held for the cattle and their is also a classroom and lab that can be used for feeding trials. The other buildings house a large arena for shows and judging contest and their is a classroom that can hold up to 50 students that helps to handle the large amount of labs held at the unit. The new working facility is fully operational with two working chutes and plenty of pens to hold all of the cattle.

[Programs and Activities](#)

The Beef Unit host several different types of activities. Some of the activities include labs that are taught at the facility to meetings and field days. For a list and some sample pictures of the activities please click on the link above.

Hatching New Opportunities

Career possibilities are boundless with a poultry science degree in your hands. Are you ready to make an impact in a growing global industry?

High Demand for Poultry Professionals

Poultry scientists are in high demand. Especially ours. As one of only six poultry science departments in the United States – and with increasing worldwide demand for poultry – it's our job to support the burgeoning

NEW REPORT

Riset

- Sarjana : Characterization of antigenic proteins from crude extract of *Fasciola gigantica* using Western Blot
- Magister : Effects of vitamin K supplementation of mares on vitamin K concentrations in foal plasma
- Doktorat : Horse Adipose Tissue (Topic)

Proses dalam beasiswa

- Pendaftaran
- Seleksi berkas
- Wawancara (+ Esai on the spot & TPA (lpdp), IETLS test (AAS))
- Pelatihan Bahasa (beasiswa lpdp afirmasi, AAS, Fulbright)
- Pendaftaran ke kampus tujuan
- Persiapan keberangkatan/pre-departure
- Keberangkatan

Thank you
